

Designed to LGA

**Use:**

For water and sewage to max. 70°C.

**Materials:**

Body and cover Stainless steel, AISI 316

Cover gasket NBR O-ring

Ball Aluminium, NBR rubber lined

Bolts, nuts and washers Stainless steel, A4

**Tests:**

According to EN 12050-4:

Seat: 1.1 x PN  
Body: 1.5 x PN

Low pressure test according to LGA

**Options:**

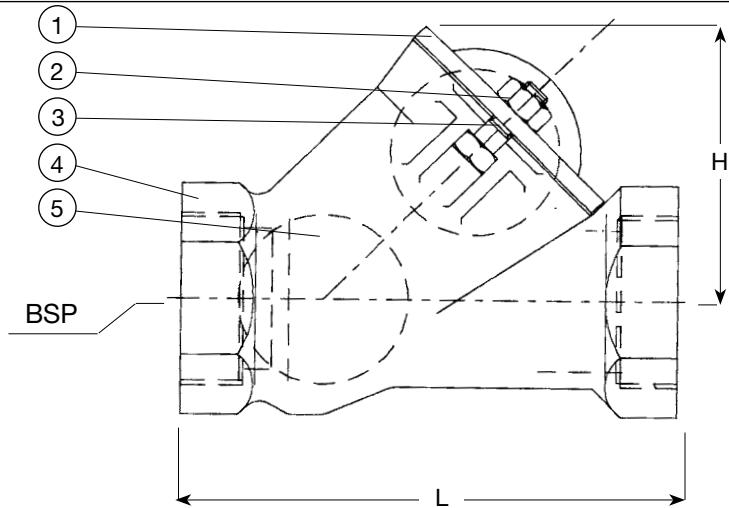

Ball of polyurethane for special applications

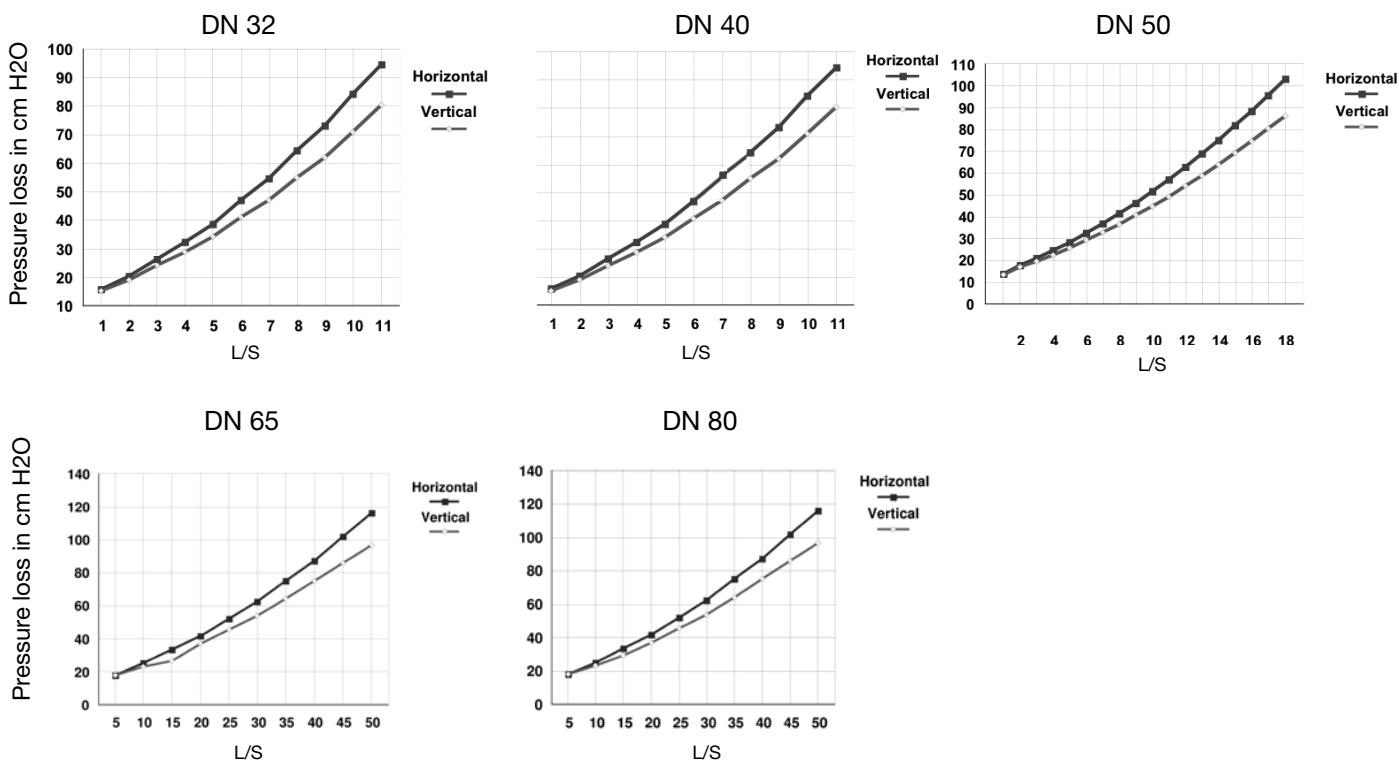

Designed to LGA

## Component list

1. Cover  
 2. Bolt/nut/washer  
 3. Gasket  
 4. Body  
 5. Ball

## Pressure loss
